

SuperBig — Product information

Convenient shopping

Just like all the Nordiska Plast's quality baskets, SuperBig is designed to let the customer shop conveniently. The basket is well-balanced and therefore easy to carry. The handle is easy to grip and locks in an upright position.

The shape of the basket, with its large bottom area, makes it easy for the customer to fill the basket with goods. The fine-mesh bottom keeps even tiny items from falling out.

Strong shop image

The rim of the basket has surfaces suitable for customising.
