

Giant — Product information

A Great Seller

As the name indicates, The Giant is our biggest shopping basket. Holding no less than 30 litres, it carries a lot more than a packet of cornflakes and a few rolls of paper towels. But despite its size and stable construction, it weighs a mere 900 grammes. The Giant doesn't occupy much space in the store, and it stacks efficiently: a stack of 40 baskets is just 172 cm high.

Ergonomic design

Take a look at the handle — it is attached to the short sides of the basket, which makes it easier to carry. And easier to fill with goods.
